SENATE BILL

No. 1176

Introduced by Senators Galgiani and Hueso
(Principal coauthor: Senator Hertzberg)
(Principal coauthor: Assembly Member Jones-Sawyer)
(Coauthor: Assembly Member Gonzalez)

February 18, 2016

An act to amend Sections 14837 and 14838 of the Government Code, relating to public contracts.

LEGISLATIVE COUNSEL'S DIGEST

SB 1176, as amended, Galgiani. Small Business Procurement and Contract Act: business size.

The Small Business Procurement and Contract Act requires the Director of General Services and the heads of other state agencies that enter into contracts for the acquisition of goods, services, and information technology and for the construction of state facilities to establish goals for the participation of small businesses and microbusinesses in these contracts, to provide for a small business preference in the award of these contracts, to give special consideration and special assistance to small businesses, and, whenever possible, to make awards to small businesses, as specified. Existing law defines a "small business" for these purposes as, among other things, an independently owned and operated business that is not dominant in its field of operation that has average annual gross receipts of \$10 million, as may be adjusted to reflect changes in the California Consumer Price

Index, or less over the previous 3 years. Existing law defines a “microbusiness” as a small business which, together with affiliates, has average annual gross receipts of \$2.5 million, as may be adjusted to reflect changes in the California Consumer Price Index, or less over the previous 3 years. Existing law requires the director to conduct a biennial review of those average annual gross receipt levels and authorizes the director to adjust the average annual gross receipts threshold to reflect changes in the California Consumer Price Index for all items. Existing law requires a contractor requesting a small business or microbusiness preference to do so under penalty of perjury.

This bill would revise those definitions by increasing the dollar amount threshold for a small business to \$15 million and for a microbusiness to \$5 million and would require those dollar amounts to be adjusted to reflect changes in the California Consumer Price Index biennially. The bill would further revise the definition of small business by specifying that, for the purposes of public works contracts, small business means a business with 200 or fewer employees and average annual gross receipts of \$25 million or less. The bill would allow directors of the department and other state agencies to count contractors that would be considered a small business or microbusiness under the changes made by this bill for the year this bill is enacted if the directors are unable to make the small business participation goals under the existing laws. The bill would allow more contractors to qualify as a small business or microbusiness, thus expanding the group of contractors authorized to request a preference filed under penalty of perjury. By expanding the crime of perjury, this bill would impose a state-mandated local program.

This bill would incorporate additional changes to Sections 14837 and 14838 of the Government Code proposed by SB 1219 that would become operative if this bill and SB 1219 are enacted and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature hereby finds and declares all of
2 the following:

3 (a) The essence of the American economic system of private
4 enterprise is to be free, open, and to have transparent competition.
5 Only through free, open, and transparent competition can free
6 markets, reasonable and just prices, free entry into business, and
7 opportunities for the expression and growth of personal initiative
8 and individual judgment be ensured. The preservation and
9 expansion of that competition are basic to the economic well-being
10 of this state, and that well-being cannot be realized unless the
11 actual and potential capacity of small business enterprises is
12 encouraged and developed.

13 (b) It is the policy of the state to aid the interests of small
14 business enterprises in order to preserve reasonable and just prices
15 and free competitive enterprise, to ensure that a fair proportion of
16 the total purchases and contracts or subcontracts for commodities,
17 supplies, technology, property, and services, including, but not
18 limited to, renewable energy, wireless telecommunications,
19 broadband, smart grid, rail, and other mega infrastructure projects,
20 for regulated state departments are awarded to small business
21 enterprises, and to maintain and strengthen the overall economy
22 of the state.

23 (c) The opportunity for full participation in our free enterprise
24 system by small business enterprises is essential if this state is to
25 attain social and economic equality for those businesses and
26 improve the functioning of the state economy.

27 (d) State agencies that have established small business
28 contracting goals are awarding less than 25 percent of their
29 mandated goals.

30 (e) Small business enterprises have traditionally received less
31 than their proportional share of public entity procurement contracts,
32 especially in renewable energy, wireless telecommunications,
33 broadband, smart grid, rail, and other mega infrastructure projects.

34 (f) It is in the interest of the state to expeditiously improve the
35 economically disadvantaged position of small business owners
36 and employees.

37 (g) The position of small business enterprises can be
38 substantially improved by expanding the definition of a small

1 business to allow these businesses to amass the capital and
2 expertise necessary to compete for state procurement of technology,
3 equipment, supplies, services, materials, and construction work,
4 especially in renewable energy, wireless telecommunications,
5 broadband, smart grid, rail, and other mega infrastructure projects.
6 This expansion also benefits the state departments and consumers
7 of the state by encouraging the expansion of the number of small
8 business enterprise suppliers for procurements, thereby encouraging
9 competition among the suppliers and promoting economic
10 efficiency in the process.

11 (h) The long-term economic viability of this state depends
12 substantially upon the ability of small businesses to be successful.

13 SEC. 2. It is the intent of the Legislature by enacting this
14 legislation to do all of the following:

15 (a) Encourage greater economic opportunity for small
16 businesses.

17 (b) Promote competition among state departments that issue
18 contracts in order to enhance economic efficiency in the
19 procurement of state services.

20 (c) Clarify and expand the program for the procurement by state
21 departments for small business enterprises.

22 SEC. 3. Section 14837 of the Government Code is amended
23 to read:

24 14837. As used in this chapter:

25 (a) “Department” means the Department of General Services.

26 (b) “Director” means the Director of General Services.

27 (c) “Manufacturer” means a business that meets both of the
28 following requirements:

29 (1) It is primarily engaged in the chemical or mechanical
30 transformation of raw materials or processed substances into new
31 products.

32 (2) It is classified between Codes 31 to 33, inclusive, of the
33 North American Industry Classification System.

34 (d) (1) (A) “Small business” means an independently owned
35 and operated business that is not dominant in its field of operation,
36 the principal office of which is located in California, the officers
37 of which are domiciled in California, and which, together with
38 affiliates, has 100 or fewer employees, and average annual gross
39 receipts of fifteen million dollars (\$15,000,000) or less over the

1 previous three years, or is a manufacturer, as defined in subdivision
2 (c), with 100 or fewer employees.

3 (B) For the purposes of public works contracts, contracts
4 awarded through competitive bids or otherwise for the erection,
5 construction, alteration, repair, or improvement of any kind upon
6 real property, “small business” means an independently owned
7 and operated business that is not dominant in its field of operation,
8 the principal office of which is located in California, the officers
9 of which are domiciled in California, and which, together with
10 affiliates, has 200 or fewer employees, and average annual gross
11 receipts of twenty-five million dollars (\$25,000,000) or less over
12 the previous three years.

13 (2) “Microbusiness” is a small business which, together with
14 affiliates, has average annual gross receipts of five million dollars
15 (\$5,000,000) or less over the previous three years, or is a
16 manufacturer, as defined in subdivision (c), with 25 or fewer
17 employees.

18 (3) The director shall conduct a biennial review of the average
19 annual gross receipt levels specified in this subdivision and shall
20 adjust that level to reflect changes in the California Consumer
21 Price Index for all items. To reflect unique variations or
22 characteristics of different industries, the director may establish,
23 to the extent necessary, either higher or lower qualifying standards
24 than those specified in this subdivision, or alternative standards
25 based on other applicable criteria.

26 (4) Standards applied under this subdivision shall be established
27 by regulation, in accordance with Chapter 3.5 (commencing with
28 Section 11340) of Part 1 of Division 3 of Title 2, and shall preclude
29 the qualification of businesses that are dominant in their industry.
30 In addition, the standards shall provide that the certified small
31 business or microbusiness shall provide goods or services that
32 contribute to the fulfillment of the contract requirements by
33 performing a commercially useful function, as defined below:

34 (A) A certified small business or microbusiness is deemed to
35 perform a commercially useful function if the business does all of
36 the following:

37 (i) Is responsible for the execution of a distinct element of the
38 work of the contract.

39 (ii) Carries out its obligation by actually performing, managing,
40 or supervising the work involved.

1 (iii) Performs work that is normal for its business services and
2 functions.

3 (iv) Is responsible, with respect to products, inventories,
4 materials, and supplies required for the contract, for negotiating
5 price, determining quality and quantity, ordering, installing, if
6 applicable, and making payment.

7 (v) Is not further subcontracting a portion of the work that is
8 greater than that expected to be subcontracted by normal industry
9 practices.

10 (B) A contractor, subcontractor, or supplier will not be
11 considered to perform a commercially useful function if the
12 contractor's, subcontractor's, or supplier's role is limited to that
13 of an extra participant in a transaction, contract, or project through
14 which funds are passed in order to obtain the appearance of small
15 business or microbusiness participation.

16 (e) "Disabled veteran business enterprise" means an enterprise
17 that has been certified as meeting the qualifications established by
18 paragraph (7) of subdivision (b) of Section 999 of the Military and
19 Veterans Code.

20 *SEC. 3.5. Section 14837 of the Government Code is amended*
21 *to read:*

22 14837. As used in this chapter:

23 (a) "Department" means the Department of General Services.

24 (b) "Director" means the Director of General Services.

25 (c) "Manufacturer" means a business that meets both of the
26 following requirements:

27 (1) It is primarily engaged in the chemical or mechanical
28 transformation of raw materials or processed substances into new
29 products.

30 (2) It is classified between Codes 31 to 33, inclusive, of the
31 North American Industry Classification System.

32 (d) (1) (A) "Small business" means an independently owned
33 and operated business that is not dominant in its field of operation,
34 the principal office of which is located in California, the officers
35 of which are domiciled in California, and which, together with
36 affiliates, has 100 or fewer employees, and average annual gross
37 receipts of ~~ten~~ *fifteen* million dollars ~~(\$10,000,000)~~ *(\$15,000,000)*
38 or less over the previous three years, or is a manufacturer, as
39 defined in subdivision (c), with 100 or fewer employees.

(B) For the purposes of public works contracts, contracts awarded through competitive bids or otherwise for the erection, construction, alteration, repair, or improvement of any kind upon real property, “small business” means an independently owned and operated business that is not dominant in its field of operation, the principal office of which is located in California, the officers of which are domiciled in California, and which, together with affiliates, has 200 or fewer employees, and average annual gross receipts of twenty-five million dollars (\$25,000,000) or less over the previous three years.

(2) “Microbusiness” is a small business which, together with affiliates, has average annual gross receipts of ~~two million five hundred thousand dollars (\$2,500,000)~~ five million dollars (\$5,000,000) or less over the previous three years, or is a manufacturer, as defined in subdivision (c), with 25 or fewer employees.

(3) “Employment social enterprise” means an entity that meets all of the following:

(A) Is organized as a social purpose corporation, a benefit corporation, or a nonprofit corporation.

(B) Is a California-based entity that meets one or more of the following:

(i) The entity has a principal office in California, and the officers are domiciled in California.

(ii) The entity has a major office or manufacturing facility located in California that has been licensed by the state on a continuous basis to conduct business within the state and has continuously employed California residents for work within the state during the prior three years.

(iii) The entity is a nonprofit organization incorporated in another state that has sponsored or co-sponsored substantive economic and workforce development activities within this state and has provided services to individuals who face multiple barriers to employment in at least 20 of the prior 24 months.

(C) Earns 51 percent or more of its enterprise revenue from the production or assembly of goods or the provision of services, or a combination of both.

(D) Demonstrates evidence in its articles of incorporation, bylaws, or both, of the employment social enterprise’s mission to provide employment with on-the-job and life skills training to a

1 *direct labor force, not including supervisors and administration,*
2 *that is comprised of at least 80 percent of enterprise participants*
3 *who face multiple barriers to employment. To document on-the-job*
4 *and life skills training, an employment social enterprise shall*
5 *provide documentation, under penalty of perjury, that one or more*
6 *of the following services is being offered to individuals who face*
7 *multiple barriers to employment:*

- 8 (i) *Basic skills and job readiness assessment.*
9 (ii) *Referral system to industry-recognized certificates and*
10 *training.*
11 (iii) *Linkage to community colleges, adult schools, or other*
12 *education institutions to gain an education diploma or certificate.*
13 (iv) *Partnership with local or regional workforce development*
14 *boards.*
15 (v) *Job placement and retention services.*

16 (E) (i) *Has two or more enterprise participants who face*
17 *multiple barriers to employment.*

18 (ii) *“Enterprise participant who faces multiple barriers to*
19 *employment” means an individual that meets two or more of the*
20 *following:*

21 (I) *Is an individual with employment barriers, as defined in*
22 *subdivision (j) of Section 14005 of the Unemployment Insurance*
23 *Code.*

24 (II) *Is or has been homeless, as defined by the United States*
25 *Department of Health and Human Services as of January 1, 2016.*

26 (III) *Is an out-of-school youth. “Out-of-school youth” means*
27 *an individual who meets the definition in Section 3164(a)(1)(B)*
28 *of Title 29 of the United States Code.*

29 ~~(3)~~

30 (4) *The director shall conduct a biennial review of the average*
31 *annual gross receipt levels specified in this subdivision and may*
32 *for small business and microbusiness and shall adjust that level*
33 *to reflect changes in the California Consumer Price Index for all*
34 *items. To reflect unique variations or characteristics of different*
35 *industries, the director may establish, to the extent necessary, either*
36 *higher or lower qualifying standards than those specified in this*
37 *subdivision, or alternative standards based on other applicable*
38 *criteria.*

39 ~~(4)~~

(5) Standards applied under this subdivision shall be established by regulation, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2, and shall preclude the qualification of ~~businesses that are dominant in their~~ *a small business or microbusiness that is dominant in its* industry. In addition, the standards shall provide that the certified small ~~business or microbusiness~~ *business, microbusiness, or employment social enterprise* shall provide goods or services that contribute to the fulfillment of the contract requirements by performing a commercially useful function, as defined below:

(A) A certified small ~~business or microbusiness~~ *business, microbusiness, or employment social enterprise* is deemed to perform a commercially useful function if the business does all of the following:

(i) Is responsible for the execution of a distinct element of the work of the contract.

(ii) Carries out its obligation by actually performing, managing, or supervising the work involved.

(e) "Disabled veteran business enterprise" means an enterprise that has been certified as meeting the qualifications established by paragraph (7) of subdivision (b) of Section 999 of the Military and Veterans Code.

(f) *The amendments made to this section by the act adding this subdivision shall become operative on October 1, 2018.*

1 SEC. 4. Section 14838 of the Government Code is amended
2 to read:

3 14838. In order to facilitate the participation of small business,
4 including microbusiness, in the provision of goods, information
5 technology, and services to the state, and in the construction
6 (including alteration, demolition, repair, or improvement) of state
7 facilities, the directors of the department and other state agencies
8 that enter those contracts, each within their respective areas of
9 responsibility, shall do all of the following:

10 (a) Establish goals, consistent with those established by the
11 Office of Small Business Certification and Resources, for the extent
12 of participation of small businesses, including microbusinesses,
13 in the provision of goods, information technology, and services to
14 the state, and in the construction of state facilities.

15 (b) Provide for small business preference, or nonsmall business
16 preference for bidders that provide for small business and
17 microbusiness subcontractor participation, in the award of contracts
18 for goods, information technology, services, and construction, as
19 follows:

20 (1) In solicitations where an award is to be made to the lowest
21 responsible bidder meeting specifications, the preference to small
22 business and microbusiness shall be 5 percent of the lowest
23 responsible bidder meeting specifications. The preference to
24 nonsmall business bidders that provide for small business or
25 microbusiness subcontractor participation shall be, up to a
26 maximum of 5 percent of the lowest responsible bidder meeting
27 specifications, determined according to rules and regulations
28 established by the Department of General Services.

29 (2) In solicitations where an award is to be made to the highest
30 scored bidder based on evaluation factors in addition to price, the
31 preference to small business or microbusiness shall be 5 percent
32 of the highest responsible bidder's total score. The preference to
33 nonsmall business bidders that provide for small business or
34 microbusiness subcontractor participation shall be up to a
35 maximum 5 percent of the highest responsible bidder's total score,
36 determined according to rules and regulations established by the
37 Department of General Services.

38 (3) The preferences under paragraphs (1) and (2) shall not be
39 awarded to a noncompliant bidder and shall not be used to achieve
40 any applicable minimum requirements.

1 (4) The preference under paragraph (1) shall not exceed fifty
2 thousand dollars (\$50,000) for any bid, and the combined cost of
3 preferences granted pursuant to paragraph (1) and any other
4 provision of law shall not exceed one hundred thousand dollars
5 (\$100,000). In bids in which the state has reserved the right to
6 make multiple awards, this fifty thousand dollar (\$50,000)
7 maximum preference cost shall be applied, to the extent possible,
8 so as to maximize the dollar participation of small businesses,
9 including microbusinesses, in the contract award.

10 (c) Give special consideration to small businesses and
11 microbusinesses by both:

12 (1) Reducing the experience required.

13 (2) Reducing the level of inventory normally required.

14 (d) Give special assistance to small businesses and
15 microbusinesses in the preparation and submission of the
16 information requested in Section 14310.

17 (e) Under the authorization granted in Section 10163 of the
18 Public Contract Code, make awards, whenever feasible, to small
19 business and microbusiness bidders for each project bid upon
20 within their prequalification rating. This may be accomplished by
21 dividing major projects into subprojects so as to allow a small
22 business or microbusiness contractor to qualify to bid on these
23 subprojects.

24 (f) Small business and microbusiness bidders qualified in
25 accordance with this chapter shall have precedence over nonsmall
26 business bidders in that the application of a bidder preference for
27 which nonsmall business bidders may be eligible under this section
28 or any other provision of law shall not result in the denial of the
29 award to a small business or microbusiness bidder. In the event of
30 a precise tie between the low responsible bid of a bidder meeting
31 specifications of a small business or microbusiness, and the low
32 responsible bid of a bidder meeting the specifications of a disabled
33 veteran-owned small business or microbusiness, the contract shall
34 be awarded to the disabled veteran-owned small business or
35 microbusiness. This provision applies if the small business or
36 microbusiness bidder is the lowest responsible bidder, as well as
37 if the small business or microbusiness bidder is eligible for award
38 as the result of application of the small business and microbusiness
39 bidder preference granted by subdivision (b).

(g) If the directors of the department and other state agencies that enter into those contracts are unable to reach the goals established under subdivision (a) in the year in which the act that added this subdivision takes effect, the directors of the department and other state agencies may count towards that goal, contracts with firms that would be considered a small business or microbusiness under the amendments made to Section 14837 by the act adding this subdivision.

SEC. 4.5. Section 14838 of the Government Code is amended to read:

14838. In order to facilitate the participation of small business, including ~~microbusiness~~, *microbusiness and employment social enterprise* in the provision of goods, information technology, and services to the state, and in the construction (including alteration, demolition, repair, or improvement) of state facilities, the directors of the department and other state agencies that enter those contracts, each within their respective areas of responsibility, shall do all of the following:

(a) Establish goals, consistent with those established by the Office of Small Business Certification and Resources, for the extent of participation of small businesses, including microbusinesses, *and employment social enterprises*, in the provision of goods, information technology, and services to the state, and in the construction of state facilities.

(b) Provide for *a small business or employment social enterprise* preference, or nonsmall business preference for bidders that provide for small ~~business and microbusiness~~ *business, microbusiness, and employment social enterprise* subcontractor participation, in the award of contracts for goods, information technology, services, and construction, as follows:

(1) In solicitations where an award is to be made to the lowest responsible bidder meeting specifications, the preference to small ~~business and microbusiness~~ *business, microbusiness, and employment social enterprise* shall be 5 percent of the lowest responsible bidder meeting specifications. The preference to nonsmall business bidders that provide for small ~~business or microbusiness~~ *business, microbusiness, or employment social enterprise* subcontractor participation shall be, up to a maximum of 5 percent of the lowest responsible bidder meeting specifications,

determined according to rules and regulations established by the Department of General Services.

(2) In solicitations where an award is to be made to the highest scored bidder based on evaluation factors in addition to price, the preference to ~~small-business or microbusiness~~ *business, microbusiness, or employment social enterprise* shall be 5 percent of the highest responsible bidder's total score. The preference to nonsmall business bidders that provide for ~~small-business or microbusiness~~ *business, microbusiness, or employment social enterprise* subcontractor participation shall be up to a maximum 5 percent of the highest responsible bidder's total score, determined according to rules and regulations established by the Department of General Services.

(3) The preferences under paragraphs (1) and (2) shall not be awarded to a noncompliant bidder and shall not be used to achieve any applicable minimum requirements.

(4) The preference under paragraph (1) shall not exceed fifty thousand dollars (\$50,000) for any bid, and the combined cost of preferences granted pursuant to paragraph (1) and any other provision of law shall not exceed one hundred thousand dollars (\$100,000). In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollar (\$50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of small businesses, including microbusinesses, *and employment social enterprises* in the contract award.

(5) *A bidder may be awarded a preference for both of the following in a single bid:*

(A) *A small business preference or a nonsmall business preference for bidders that provide for small business or microbusiness subcontractor participation.*

(B) *An employment social enterprise preference or a nonsmall business preference for bidders that provide for employment social enterprise subcontractor participation.*

(c) Give special consideration to ~~small-businesses and microbusinesses~~ *businesses, microbusinesses, and employment social enterprises* by both:

(1) Reducing the experience required.

(2) Reducing the level of inventory normally required.

1 (d) Give special assistance to small—businesses—and
2 ~~microbusinesses~~ *businesses, microbusinesses, and employment*
3 *social enterprises* in the preparation and submission of the
4 information requested in Section 14310.

5 (e) Under the authorization granted in Section 10163 of the
6 Public Contract Code, make awards, whenever feasible, to small
7 ~~business—and-microbusiness~~ *business, microbusiness, and*
8 *employment social enterprise* bidders for each project bid upon
9 within their prequalification rating. This may be accomplished by
10 dividing major projects into subprojects so as to allow a small
11 ~~business-or-microbusiness~~ *business, microbusiness, or employment*
12 *social enterprise* contractor to qualify to bid on these subprojects.

13 (f) Small—business—and-microbusiness *business, microbusiness,*
14 *and employment social enterprise* bidders qualified in accordance
15 with this chapter shall have precedence over nonsmall business
16 bidders in that the application of a bidder preference for which
17 nonsmall business bidders may be eligible under this section or
18 any other provision of law shall not result in the denial of the award
19 to a small—business—or-microbusiness *business, microbusiness, or*
20 *employment social enterprise* bidder. In the event of a precise tie
21 between the low responsible bid of a bidder meeting specifications
22 of a small—business—or-microbusiness, *business, microbusiness, or*
23 *employment social enterprise* and the low responsible bid of a
24 bidder meeting the specifications of a disabled veteran-owned
25 small—business—or-microbusiness, *business, microbusiness, or*
26 *employment social enterprise*, the contract shall be awarded to the
27 disabled veteran-owned small—business—or-microbusiness. *business,*
28 *microbusiness, or employment social enterprise*. This provision
29 applies if the small—business—or-microbusiness *business,*
30 *microbusiness, or employment social enterprise* bidder is the lowest
31 responsible bidder, as well as if the small—business—or-microbusiness
32 *business, microbusiness, or employment social enterprise* bidder
33 is eligible for award as the result of application of the small
34 ~~business—and-microbusiness~~ *business, microbusiness, and*
35 *employment social enterprise* bidder preference granted by
36 subdivision (b).

37 (g) *In order to qualify for the incentives under this section, an*
38 *employment social enterprise shall demonstrate and certify under*
39 *penalty of perjury the following:*

1 (1) Not less than 70 percent of the total labor hours, excluding
2 supervisors and administration, required to perform the
3 information technology or construction contract shall be completed
4 by an enterprise participant who faces multiple barriers to
5 employment.

6 (2) Not less than 70 percent of the total labor hours, excluding
7 supervisors and administration, required to manufacture the goods
8 and perform the contract shall be completed by an enterprise
9 participant who faces multiple barriers to employment. For an
10 employment social enterprise with 25 or fewer total employees,
11 50 percent of the total labor hours, excluding supervisors and
12 administration, required to manufacture the goods and perform
13 the contract shall be completed by an enterprise participant who
14 faces multiple barriers to employment.

15 (3) Not less than 80 percent of the total labor hours, excluding
16 supervisors and administration, required to provide services and
17 perform the contract shall be completed by an enterprise
18 participant who faces multiple barriers to employment.

19 (h) If the directors of the department and other state agencies
20 that enter into those contracts are unable to reach the goals
21 established under subdivision (a) in the year in which the act that
22 added this subdivision takes effect, the directors of the department
23 and other state agencies may count towards that goal, contracts
24 with firms that would be considered a small business or
25 microbusiness under the amendments made to Section 14837 by
